Crime in Alabama

2017

A PUBLICATION OF THE
ALABAMA LAW ENFORCEMENT AGENCY
CRIMINAL JUSTICE SERVICES DIVISION

MESSAGE FROM THE SECRETARY OF LAW ENFORCEMENT

We at the Alabama Law Enforcement Agency (ALEA) are committed to improving public safety in the state of Alabama. As part of this multifaceted law enforcement agency, we strive to provide a variety of services and programs to citizens, as well as law enforcement agencies (LEAs) across the state.

Additionally each year, our agency partners with municipal, county, university, state and drug task force agencies to produce Crime in Alabama as part of our Uniform Crime Reporting (UCR) program. Now in its 42st year, Crime in Alabama is a statistical analysis of municipal and county law enforcement agencies.

In it, you will find details on criminal activity that occurred in Alabama during 2017 for various LEAs in Alabama. Using methodology prescribed by Federal Bureau of Investigation's (FBI) Program, it includes data sets for Part I crimes -- Homicide, Rape, Robbery, Assault, Burglary, Larceny, Motor Vehicle Theft and Arson. In addition, it contains data for other crimes, arrests, clearances and law enforcement employees.

I must stress that Crime in Alabama is not designed to compare these law enforcement agencies. It is simply a resource to measure each agency's response to crime.

We appreciate your interest and hope you find the publication's collection of data of use.

Sincerely,

Hal Taylor, Secretary of Law Enforcement

This report is dedicated to Alabama's Law Enforcement Officers who protect and defend the citizens of this state.

HONORING THEIR SERVICE. REMEMBERING THEIR SACRIFICE.

Deputy Sheriff Levi Pettway
Lowndes County Sheriff's Office
April 10, 2017

PREFACE

The 2017 Crime in Alabama report is intended to inform law enforcement officials and private citizens of criminal and law enforcement activity reported in county and municipal jurisdictions in Alabama. Since the UCR offense and arrest data are the basis of this report, it must be noted that other factors affecting crime are not measured by UCR, such as age, sex, and race of the population, economic conditions of the area, transient population, culture, education, climate, attitudes of the victims toward crime and police, and crime reporting practices of the citizens. Therefore, it is difficult to draw conclusions or make valid comparisons between various local jurisdictions by using only the crime and arrest data in this publication. The data in this publication is used for crime problems inherent in the criminal justice system and as a foundation for planning and budgeting. Geographic areas covered in this report include that State of Alabama, county, and city strata.

We would like to extend our appreciation to local law enforcement agencies – sheriffs' departments, municipal police departments, and campus police – for their cooperation in the UCR program.

Please Note

In 2013, The FBI UCR Program initiated collection of data under a new definition for forcible rape. The term "forcible" was removed, and the definition changed to "penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetrations by a sex organ of another person, without the consent of the victim." Rape statistics found in this report are not an actual representation of comparative data from 2013 to 2017.

CRIME AND ARREST DATA

Valid crime data can provide a solid foundation for statistical analyses, management-oriented analyses and crime breakdowns. These analyses can then aid local police departments and county sheriff departments in laying out patrol districts, assigning patrol units, and designating community education programs.

Data used in this report are provided by the Alabama Law Enforcement Agency (ALEA). ALEA's data center houses the official state repository for reported arrests and offenses, and is responsible for collecting and disseminating crime data. In 2017, approximately 360 agencies reported known offenses to Alabama's UCR; more than 99 percent of Alabama's law enforcement agencies submitted Incident Reports.

Through a mandate of Congress, Arson is counted as a Part I Offense. So as not to distort crime trends in Total and Property Crime indices, Arson total will not be included in these sections but will be included in a separate section following property crimes.

Crime data is obtained from the Part I Index of Offenses submitted by law enforcement agencies to Alabama's UCR program. These Part I Offenses are divided into Violent Crimes and Property Crimes.

Violent Crimes include Homicide, Rape*, Robbery, and Assault. These crimes are considered violent in as much as they are offenses perpetrated against a person(s) with a high risk or injury or death to the victim(s). Property Crimes comprise Burglary, Larceny, Motor Vehicle Theft, and Arson**. Property or Nonviolent Crimes lack the aspect of force and/or bodily harm to the victim(s).

Clearance and arrest data is also reported to Alabama's UCR. A crime is considered cleared, either by arrest or by exceptional means, when enough evidence is found to charge a suspect and take him/her into custody. It is conceivable that one arrest could clear several offenses or that several arrests could clear one offense. The clearance rate is achieved by taking the number of clearance over the number of crimes reported.

$$\text{CLEARANCE RATE} = \frac{\text{CLEARANCES}}{\text{REPORTED CRIMES}}$$

This report is a composite picture of county and municipal crime and law enforcement activity in Alabama for 2017. It provides a breakdown of individual county and municipal jurisdictions as well as cumulative data for the State from the localities participating in the UCR program. The report concentrates on the Index Crimes of the FBI's Part I Offenses and offers tabular and narrative formats for comparisons, trends, rates, and percent changes.

*Prior to 2013, Rape included only female victims. In 2013, the definition of rape was expanded by the FBI's Uniform Crime Reporting Program to include male victims and other types of sexual assault offenses. Because of this change, the number of reported rapes increased significantly from 2012.

**A separate section on Arson will be included in this report.

DEFINITION OF TERMS

Adult – The UCR system defines adults as 18 years of age and over.

Arrest – A measure of law enforcement activity by which an individual is detained in legal custody.

Arson – Willful or malicious burning with or without intent to defraud, includes attempts.

Assault – Unlawful attack by one person upon another for the purpose of inflicting severe bodily injury, including attempts. Attempted homicide is listed as an aggravated assault.

Burglary – Unlawful entry of a structure to commit a felony or theft.

Central City – A city with at least 50,000 residents.

City Strata - A breakdown of cities according to population.

Clearance – A measure of law enforcement activity that shows a crime has been solved for crime-reporting purposes either by the arrest of a suspect or by exceptional means. Exceptional means provides a solution to a crime when there is enough evidence to place a formal charge against an offender, but some element beyond law enforcement control precludes an actual arrest. It is possible for one arrest to clear more than one offense.

Clearance Rate – The clearance rate is achieved by taking the number of clearances over the number of crimes reported.

Crime Rate – A measure of criminal activity that shows the number of crimes reported per 100,000 residents.

Criminal Activity – Measured by reported crimes, trends, rates.

Forcible Entry – Offenses in which force of any kind is used to unlawfully enter a structure for the purpose of committing a theft or felony.

Hierarchy of Offenses – When more than one offense is committed simultaneously, the most severe offense is reported to UCR. The exception is arson, which is always reported along with the most serious offense.

Homicide – The willful killing of another as based on police investigation.

Incident Based Reporting System (IBR) – A voluntary crime reporting system ALEA developed as an alternative to the UCR Summary Program.

Juveniles – The UCR system defines juveniles as males and females 17 years of age and younger.

Larceny – Unlawful taking or stealing of property or articles without the use of force, violence, or fraud, e.g., pocket picking, purse snatching, shoplifting, theft from vending machines, etc.

Law Enforcement Activity – Police activity as measured by clearance and arrests.

Minimal Injury – Personal injury involving abrasions, minor lacerations requiring no more than usual first-aid treatment.

Motor Vehicles - Automobiles, trucks, buses, motorcycles, etc.

Motor Vehicle Theft – Unlawful taking or stealing of a motor vehicle, including attempts.

Non-Residence – Any structure used for purposes other than a residence.
