## Think Smart Before You Start Spring Break

### 2023 Safety Reminders

**Avoid driving under the influence of alcohol or drugs.** If you plan on consuming alcohol pre-plan for a designated driver, call Uber or a cab. Designate a sober driver in advance to get you home safely.

**Remain attentive around large vehicles and semi-trucks.** Large vehicles such as semitrucks command a heavy presence on interstates. They have limited maneuverability, longer stopping distances and bigger blind spots.

**Expect traffic heavier than usual.** Adjust travel plans to accommodate busier roadways and waterways and leave a bit earlier. Avoid speeding, following vehicles too closely and other dangerous behaviors on roadways.

**Prepare your vehicle.** Get your vehicle's tires, brakes, exterior lights, battery, air filters, wipers and fluid levels checked before you leave for a trip. Keep an emergency kit available. (Inflated spare tire, first aid kit, jumper cables, phone charger, etc.)

**Buckle up – no matter how short your trip.** Ensure all the vehicle's occupants are buckled up and children are utilizing a child restraint system. Car seats and boosters provide protection for infants and children in a crash, yet car crashes are a leading cause of death for children ages 1 to 13.

**Don't follow other vehicles too closely.** "Following too close" is one of the leading contributing factors behind crashes. Maintaining situational awareness and operating under a defensive driving posture is critical in avoiding crashes especially during high traffic periods.

**Don't drive distracted.** Avoid talking or texting on your phone, eating and drinking, talking to people in your vehicle, fiddling with the stereo, entertainment or navigation system.
